# LONE PINE STATE PARK

Late 19th century homesteaders were attracted to Montana's lush Flathead Valley with the promise of rich soil and tall timber. A small band of bluffs with a single, awkwardly protruding ponderosa pine tree, near present day Kalispell, served as a navigational landmark to early travelers. Lone Pine State Park preserves the site of this fallen landmark.

Lone Pine offers spectacular views of Glacier National Park, the eastern edge of the Bob Marshall Wilderness and the Flathead Valley. The Interpretive Center and a 1/2 mile loop trail offer educational exhibits and information about the Flathead Valley and surrounding area.

## LONE PINE STATE PARK OFFERS:

- Interpretive Center
- Resource room for educational gatherings and meetings
- Self-guided interpretive trail
- Picnic area and shelter
- Scenic overlooks of the Flathead Valley
- Hiking, biking, and horseback trails
- Archery range

Note: Lone Pine is a day use park. Numerous camping facilities are available in the surrounding area.

*Lone Pine State Park is located approximately five miles southwest of Kalispell. Travel west on US Hwy 2, then south on Meridian Road to Foy's Lake Road. Turn north on Lone Pine Road.*
